### New Dealer Intro Packs for 2026

For over 10 years, HND has been making the most effective and environmentally friendly products on the market. We've significantly expanded our offerings recently, and plan to continue to do so for the next few years. Normally the MOQ for our products are by the case. Case quantities vary per product. Please take a peek at the HND catalog/Electronic Order Form for the standard case quantities, which are always available. For a limited time, we will offer the opportunity for new dealers to select one of these intro packs to get started.

Dealer packs include all of HND's current products including our seven floatant SKUs, three holder SKUs, our Line Dressing, and our six Sighter Wax SKUs.
